PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience building scalable, responsive web applications using React, TypeScript, Laravel, and MySQL. Proven ability to deliver end-to-end features — from RESTful API design and authentication systems to polished, accessible user interfaces. Passionate about clean architecture, performance optimization, and creating real-world impact through technology.

PROJECTS

Tayih | *React, Tailwind CSS, Zod, Laravel, MySQL* [Preview](#)

- Built a social impact platform with **role-based access control** for admins and regular users, each with dedicated permissions and system functionalities.
- Engineered a secure backend using **Laravel** and **MySQL** with **JWT authentication** and fine-grained authorization to protect sensitive data.
- Implemented key civic features: **missing child reporting**, **case tracking**, advanced search & filtering, and community submissions for found cases.

Gym Management System | *React, TypeScript, Tailwind CSS, Laravel, MySQL, RESTful API* [GitHub](#)

- Delivered a full management dashboard with real-time data handling, secure authentication, and form validation via **React Hook Form** and **Zod**.
- Implemented **member management**, **session booking**, **trainer assignment**, and subscription tracking with live notifications and profile management.
- Designed a responsive UI with **dark/light theme support** using Tailwind CSS, optimizing performance through efficient API integration.

Cartify E-commerce | *React, Tailwind CSS, Laravel, MySQL, RESTful API* [GitHub](#)

- Built a full-stack e-commerce platform with a comprehensive **admin dashboard** for managing products, orders, and users.
- Delivered a complete shopping experience: product browsing, **cart system**, **checkout flow**, and order history, with a focus on performance and usability.
- Architected a scalable **Laravel backend** with clean RESTful APIs consumed by a **React frontend** styled with Tailwind CSS.

TECHNICAL SKILLS

Languages	JavaScript, TypeScript, PHP, HTML5, CSS3
Frontend	React.js, Tailwind CSS, Bootstrap, React Hook Form, Zod
Backend	Laravel, Express.js, Node.js
Databases	MySQL
Tools	Git, GitHub, Vite, Postman
Concepts	RESTful APIs, Authentication & Authorization, Responsive Design, State Management, SEO, Accessibility

EDUCATION

WE Applied Technology Schools

Egypt — Expected Graduation: June 2026

Applied Technology Diploma: Software Development & Web Development
